1. Action item: SJSU Native American End-of-Year Ceremony: \$2000

The funds requested will be used to purchase cultural gifts for students participating in the SJSU Native American End-of-Year Ceremony. This year we have 10 graduating students, and this celebration is more than a ceremony it's a powerful affirmation of Indigenous knowledge, strength, resilience, and cultural pride. This event honors the journeys of Native American and Indigenous graduates and their communities, offering them a sacred space to celebrate their heritage, acknowledge the ancestors who paved the way, and pass on the wisdom and teachings that will guide future generations.
