##### **A. Discussion Item: Student-At-Large Orientation**

As a newly recruited Student-At-Large will be present for our meeting, I want to give a short crash course on what Lobby Corps is to lay a baseline of knowledge. This might include but is not limited to basic introductions, a Lobby Corps mission statement, a CSSA overview, a lessons overview, and a summary of our current initiatives.

##### **B. Discussion Item: Ash Kalra Visit - Program Plan Presentation**

I will be presenting a full program plan document for an event with Assemblymember Ash Kalra. We have a tentative space in the student union on October 15 from 8 am - 3 pm, the exact location and venue will depend on the content in the program document. For the vision and details of this plan, I have worked and met with my advisor Janely Pulido and the Community Government Relations team. The document itself will be brought as a work in progress piece as the planning will occur in the week prior to this meeting.

##### **C. Discussion Item: Greek Row Tour and Chapter Presentations**

In partnership with Madison Lai, a student assistant working with Community Government Relations, I will be handing out 'Welcome to the 408' fliers on Greek Row. Additionally, starting September 21st, we will be presenting at individual chapter meetings across the PCH and IFC. I want to continue this momentum and brainstorm with the team which environments or organizations we might simply introduce ourselves in or go further to present in.

##### **D. Informational Item: SJSU Votes Festival Report**

Presenter: Maxwell Fairleigh

After representing Associated Students at the SJSU Votes Festival on Tuesday, September 15, I will share my takeaways and experience. The goal of the event was to celebrate National Voter Registration Day and share non partisan information on voting and voter rights, in addition to raising awareness about Associated Students and advertising our committees.
