Alpha Kappa Psi Business Fraternity

Case Creation Date:

- November 19, 2025

Incident Summary:

- *On November 11, 2025 it was reported that the Alpha Kappa Psi has continued to hold weekly executive board and chapter meetings in an alternate building despite being under investigation and presumably restricted from doing so. A member disclosed that these meetings are coordinated through Slack, raising concerns that the organization is actively circumventing university directives. This situation appears inconsistent with how similar organizations have been sanctioned, prompting concerns about fairness and equal enforcement of policies.*
