Club Esports

Case Creation Date:

- September 30, 2024

Incident Summary:

- *An incident of online harassment occurred on the Club Esports Instagram page in which a current student insulted a player's video, prompting several other students to engage with the post using secondary "burner" accounts in what may constitute retaliation. Staff members identified a few involved students, addressed appropriate conduct with them, and although the posts have since been deleted and no further escalation is expected, the situation was reported for awareness and documentation.*

END AT INVESTIGATION

Investigation did not yield a preponderance of the evidence to adjudicate or hold the student organization responsible for an violation of the Student Organization Code of Conduct.
