

# SAN JOSÉ STATE UNIVERSITY

Dear Spartans,

The [Learning Space Upgrade and Academic Technology Strategy \(LSUATS\)](#) project values your input!

TAKE THE SURVEY

Campus input is critical to the success of LSUATS. Deloitte, our partners on this project, have developed a survey to get your thoughts, feedback, and input to help better understand the campus community's needs. It takes roughly 10 minutes to complete and is fully anonymous.

This survey builds on last month's in-person town hall event and will inform the discussion for our virtual town hall on October 24 from 2pm to 3pm ([registration is still open](#)). In case you were unable to attend the in-person event, you can find [Deloitte's presentation materials](#) posted on our website.

We want your thoughts, ideas, and input to help design the classrooms and learning environments of the future for our university.

Thank you,

Kara Li

SJSU IT Associate Vice President for Strategic Planning and Portfolio Management,  
Interim Associate CIO, and LSUATS Project Engagement Lead
