

Science of Physical Fitness and Nutrition

Section 80

NUFS 163

Fall 2024 3 Unit(s) 08/21/2024 to 12/09/2024 Modified 08/23/2024

Contact Information

Co-Instructor: Karen Moreno, Phdc, MA

Email: karen.moreno@sjsu.edu

Office: SPX 170

Office Hours

Monday and Wednesday 10:30 AM - 11:30 AM or by appointment.
SPX 170

Virtual office hours can be scheduled by appointment.

Co-Instructor : Izzie Brown, MS, RDN, CSCS

Email: izzie.brown@sjsu.edu

Office: Central Classroom Building (CCB) 202

Phone: 408.924.3373

Website: : <https://sjsu.edu/people/izzie.brown/> (<https://sjsu.edu/people/izzie.brown/>)

Office Hours

W: 1:00 PM - 2:00 PM or by appointment
CCB 202 TuTh: 1:30 pm - 2:00 pm, CCB 202

Course Information

Lecture

Meeting Time: Tuesday and Thursday 12:00 PM - 1:15 PM
Online

Course Description and Requisites

Use of scientific principles, scientific investigation, and current technological advances to assess the relationship between diet, physical fitness, and disease. Examine scientific literature to evaluate the effects of nutritional intervention on exercise performance.

GE Area(s): R. Earth, Environment & Sustainability

Prerequisite(s): Passage of the Writing Skills Test (WST) or ENGL/LLD 100A with a C or better (C- not accepted), completion of Core General Education and upper division standing are prerequisites to all SJSU studies courses. Completion of, or co-registration in, 100W is strongly recommended.

Note(s): All of SJSU Studies courses require completion of the WST and upper division standing.

Letter Graded

Classroom Protocols

Students are expected to attend all class meetings, arrive on time and stay until the class ends. Students are expected to treat other students and faculty with respect. Do not distract or disrupt class with electronics or other noises. Be attentive to comments made by fellow students and the faculty. Students are to have read and thought about the assigned reading before coming to class. Be prepared to ask questions about material not understood and to comment on and discuss material found to be provocative. Consider taking notes of questions or thoughts while reading and bring them to class for discussion.

University policy F69-24, "Students should attend all meetings of their classes, not only because they are responsible for material discussed therein, but because active participation is frequently essential to insure maximum benefit for all members of the class. Attendance per se shall not be used as a criterion for grading."

By remaining enrolled in the class, you agree to abide by these course and University policies.

Cell Phones and Other Electronics

A few words on **cell phones, earbuds, headphones, and laptops**. Cell phones **should be turned off** and other distractions such as **earbuds and headphones removed during class meetings**. A vibrating cell phone is still an activated cell phone. **Texting, e-mailing, or surfing** on your cell phone or laptop **are not appropriate class meeting activities**. They distract your attention as well as the attention of those participating in the class with you.

Policy Recommendation Consen for Recording of Class and Public Sharing of Instructor Material

“Common courtesy and professional behavior dictate that **you notify someone when you are recording him/her**. You **must obtain the instructor’s permission** to make audio or video recordings in this class. Such permission allows the recordings to be used **for your private, study purposes only**. **The recordings are the intellectual property of the instructor; you have not been given any rights to reproduce or distribute the material.**”

“**Course material developed by the instructor is the intellectual property of the instructor and cannot be shared publicly without his/her approval**. You may not publicly share or upload instructor generated material for this course such as exam questions, lecture notes, or homework solutions without instructor consent.”

Program Information

Welcome to this General Education course.

SJSU’s General Education Program establishes a strong foundation of versatile skills, fosters curiosity about the world, promotes ethical judgment, and prepares students to engage and contribute responsibly and cooperatively in a multicultural, information-rich society. General education classes integrate areas of study and encourage progressively more complex and creative analysis, expression, and problem solving.

The General Education Program has three goals:

Goal 1: To develop students’ core competencies for academic, personal, creative, and professional pursuits.

Goal 2: To enact the university’s commitment to diversity, inclusion, and justice by ensuring that students have the knowledge and skills to serve and contribute to the well-being of local and global communities and the environment.

Goal 3: To offer students integrated, multidisciplinary, and innovative study in which they pose challenging questions, address complex issues, and develop cooperative and creative responses.

More information about the General Education Program Learning Outcomes (PLOs) can be found on the [GE website \(https://sjsu.edu/general-education/ge-requirements/overview/learning-outcomes.php\)](https://sjsu.edu/general-education/ge-requirements/overview/learning-outcomes.php).

Course Goals

In Area R courses, students apply knowledge of scientific theories and concepts as well as quantitative reasoning to explore the relationship between humans and the natural environment. Students achieve an understanding of the role that science plays in addressing complex issues, as well as the potential limits of scientific endeavors and the value systems and ethics associated with scientific inquiry.

Course Learning Outcomes (CLOs)

GE Area R: Earth, Environment, and Sustainability

SJSU Studies courses -- Areas R, S, and V -- help students integrate knowledge between and among disciplines. Area R: Earth, Environment, and Sustainability courses apply the scientific method and quantitative reasoning to engage in ethical, civic-minded inquiry around sustaining the earth, its environments and its inhabitants.

GE Area R Learning Outcomes

Upon successful completion of an Area R course, students should be able to:

1. apply scientific principles and the scientific method to answer questions about earth, the environment, and sustainability while recognizing the limits of both the method and principles;
2. apply mathematical or quantitative reasoning concepts to the analysis and generation of solutions to issues of earth, the environment, and sustainability;
3. communicate a scientific finding, assertion, or theory to a general audience with the integrity and rigor of the underlying science; and
4. explain ethical, social, and civic dimensions of scientific inquiry.

Writing Practice: Students will write a minimum of 3000 words in a language and style appropriate to the discipline.

Course Materials

This course requires two textbooks; one for the Nutrition half of the course and one for the Fitness half.

ebook available through First Day - see "Course Materials" in Canvas navigation bar on left

To enhance your learning experience and provide affordable access to the right course materials, this course is part of an inclusive access model called First Day™. You may easily access the materials at a discounted price and benefit from single sign-on access with no codes required in Canvas. Please note, you should not be prompted to purchase the materials via canvas or the publisher. This will result in double billing (and at a higher cost).

You will see the first day billing on your student account via the Bursar's Office. However, any questions regarding the materials should be directed to Spartan Bookstore 408-924-1820 or 408-924-1831.

It is not recommended that you Opt-Out, as these materials are required to complete the course. However, you may choose to Opt-Out during the first two weeks of the semester. You will see the course materials charge on your Bursar's student account unless you have opted out prior to the deadline.

For more information and FAQs go to customer care.bncollege.com.

Library Liaison

Adriana Poo is the Health Science, Kinesiology, and Recreation, Liaison Librarian. (408)-808-2019.
adriana.poo@sjsu.edu

Dawn Hackman is the interim Nutrition, Food Science and Packaging liaison librarian. Please reach out to Dawn for library-related questions: dawn.hackman@sjsu.edu (<mailto:dawn.hackman@sjsu.edu>)

Course Requirements and Assignments

“Success in this course is based on the expectation that students will spend, for each unit of credit, a minimum of 45 hours over the length of the course (normally three hours per unit per week) for instruction, preparation/studying, or course related activities, including but not limited to internships, labs, and clinical practica. Other course structures will have equivalent workload expectations as described in the syllabus.”

Note that “All students have the right, within a reasonable time, to know their academic scores, to review their grade-dependent work, and to be provided with explanations for the determination of their course grades.” See [University Policy F13-1](http://www.sjsu.edu/senate/docs/F13-1.pdf) at <http://www.sjsu.edu/senate/docs/F13-1.pdf> for more details.

Major Course Assignments

Consistent with guidelines for SJSU Studies courses, students will write a minimum of 3,000 words.

2 Consumer Product paper @ 3-4 pages each	6-8 pages, 1,500-2,000 words
2 Analyses of Scientific Literature @ 3-4 pages each	6-8 pages, 1,500-2,000 words
Total	12-16 pages (3,000-4,000 words)

Examinations

Examination questions will be based on assigned readings, lectures, class discussions, and presentations. Students will need a laptop or ipad and LockDown Browser to take the exams.

Make-up exams are permitted only for illness and emergency (truly extraordinary circumstances). The student is responsible for notifying the instructor and making arrangements at the earliest possible time. In most cases, the exam must be completed prior to the next class meeting. All requests for make-up exams will be evaluated on an individual bases. The final exam will **NOT** be given early.

Exam 4 is the final examination, which will be scheduled according to the SJSU final exam schedule.

"Faculty members are required to have a culminating activity for their courses, which can include a final examination, a final research paper or project, a final creative work or performance, a final portfolio of work, or other appropriate assignment."

✓ Grading Information

97-100% (435-450 pts) = A plus	93-96% (417-434) pts = A	90(403-416 pts) = A minus
87-89% (390-402 pts) = B plus	83-86% (372-389 pts) = B	80-82% (358-371 pts) = B minus
77-79% (345-357 pts) = C plus	73-76% (327-344 pts) = C	70-72% (314-326 pts) = C minus
67-69% (300-313 pts) = D plus	63-66% (282-299 pts) = D	60-62% (268-281 pts) = D minus
		Below 60% (0-267 pts) = F

Criteria

All assignments written outside of class must be typed and double-spaced. Individual instructors will provide procedures to be used for electronic submission and Originality Reports via turnitin.com will be used.

Collaboration with AI composition software to compose assignments is not permitted in this course. The Writing Center is available and is the recommended resource for help with writing your assignments. If you use an AI grammar and spelling checker to edit your work, you must submit your rough draft along with the final version of your assignment. If you have questions, please check with the instructor.

Writing in general education courses is assessed for grammar, content, clarity, conciseness, and coherence.

Guidelines for the Analysis of Scientific Literature, Consumer Product papers, and Oral Presentation will be discussed in class and available on course web sites.

Written assignments are due as specified in the syllabus. There is a 5% penalty for each day or partial day assignments are late. Assignments will not be accepted 1 week past the due date.

Breakdown

Course Activities and Assignments	Points	% of Course Grade	CLOs
Exam 1	50	11.1	1,2,4
Exam 2	50	11.1	1,2,4
Exam 3	50	11.1	1,2,4
Exam 4: given during final exam week (not cumulative over fitness & nutrition)	50	11.2	1,2,4
Analysis of Scientific Literature #1	50	11.1	1,2,3,4
Analysis of Scientific Literature #2	50	11.1	1,2,3,4
Consumer Product: Fitness	50	11.1	1,2,3,4
Consumer Product: Nutrition	50	11.1	1,2,3,4
Group Presentation	50	11.1	1,2,3,4
Total	450	100	

University Policies

Per [University Policy S16-9 \(PDF\)](http://www.sjsu.edu/senate/docs/S16-9.pdf), relevant university policy concerning all courses, such as student responsibilities, academic integrity, accommodations, dropping and adding, consent for recording of class, etc. and available student services (e.g. learning assistance,

counseling, and other resources) are listed on the [Syllabus Information](https://www.sjsu.edu/curriculum/courses/syllabus-info.php) (<https://www.sjsu.edu/curriculum/courses/syllabus-info.php>) web page. Make sure to visit this page to review and be aware of these university policies and resources.

Course Schedule

Subject to change with fair notice - any changes will be announced in class

Reading assignments should be completed before the class period in which they will be discussed.

RBS = Rawson, Branch, & Stephenson, Williams' Nutrition for health, fitness, and sport (e-book)

FIR = Fahey, Insel, & Roth, Fit and well (e-book)

WEEK	DATE	TOPICS	READING	ASSIGNMENTS AND DEADLINES
1	Th 8/22	Introduction to the Fitness Section and Scientific Research & Pseudo-Science	Syllabus Article: IFIC and	Watch Video: Science vs Pseudoscience Before Class
