SAN JOSE, CA 95192**

**F10-3, Policy Recommendation, Grading Symbol for Drops
and Withdraws (renamed S09-7A, Amendment A to S09-7)**

Legislative History: Amends S09-7

**At its meeting of November 15, 2010, the Academic Senate approved
the following policy recommendation presented by Senator Gleixner
for the Instruction and Student Affairs Committee.**

Action by University President:

**Approved and signed by
President Don W. Kassing on
November 30, 2010**

**POLICY RECOMMENDATION
Grading Symbol for Drops and Withdraws**

- Whereas University Policy S09-7 designates new grading symbols WA and WB to be used on the unofficial transcript to allow tracking of WA drops and withdraws; and
- Whereas Both WA and WB grades revert to W grades on the official transcript; and
- Whereas The CSU administrative system is incapable of counting WA grading symbols and is capable of counting/tracking drops and withdrawals only if a W grading symbol is used; and
- Whereas Section VII.B of S09-7 specifies that “The CSU may eventually define new grading symbols for the two types of “W” grades described above. The grading symbols WA and WB used in this policy are intended for use at SJSU, but also serve as placeholders and shall be replaced by the appropriate CSU grading symbols if/when such new grading symbols are specified;” therefore, be it

Resolved That the grading symbol WA in University Policy S09-7 be changed and the symbol be replaced with the symbol W; and that the WB symbol in University Policy S09-7 retain its purpose and meaning without change.

Approved: October 25, 2010
